Board Committees

Scientific Program Committee

Board Committees

The Board may appoint special committees to carry out any designated duties and delegate to these committees such duties and powers as it deems to be in the interests of the Federation. Two of these main committees are the Professional Development Committee and the Scientific Program Committee.

Scientific Program Committee

The Scientific Program Committee is responsible for planning all aspects of the scientific programs for the annual CNSF Congress, which is an accredited learning activity approved for Section I credits as defined by the Royal College of Physicians and Surgeons of Canada. The committee oversees and coordinates: the Congress's educational courses, satellite symposia and workshops; abstract adjudication; program structure; policies regarding invited guests; and, short and long-term objectives and curricula. Two members are elected from each society for a term of four years.
