The University of Manitoba, Department of Surgery, Winnipeg Regional Health Authority and Shared Health Manitoba are seeking applications for a Section Head, Neurosurgery to commence July 2020 or sooner.

The successful candidate would be eligible for appointment at the rank of Assistant Professor, or higher, and appointed as a geographical full-time member of the Max Rady College of Medicine, Rady Faculty of Health Sciences at the University of Manitoba. The successful candidate must be eligible for certification with the Royal College of Physicians and Surgeons of Canada, and licensure with the College of Physicians and Surgeons of Manitoba.

The recruit must be fellowship certified in Neurosurgery. The preferred applicant will demonstrate strengths in leadership, exemplified by success in program building and administrative experience. Strengths in team building and communication are essential. Neurosurgical subspecialization training is preferred and all areas of neurosurgical subspecialization will be considered. The emphasis in selection is on leadership and advancement of the mission of the Section of Neurosurgery.

The Section of Neurosurgery is comprised of 10 full-time Neurosurgeons, 1 full-time non-operative/surgeon-researcher and 1 part-time Neurosurgeon. The Section supports a successful residency training program and spine fellowship program. The Section includes a strong research program including a surgeon/scientist.

The Department of Surgery offers a Masters of Sciences Program and PhD options, which the Section of Neurosurgery trainees have regularly enrolled in. All aspects of sub-specialty neurosurgical care are provided for adults and children. Neurosurgical care is undertaken at HSC, Manitoba’s largest health care facility. Remuneration is provided through a provincial specialty specific alternate funding plan.

The City of Winnipeg has a rich cultural and recreational environment with fine dining, golfing, symphony, opera, dance, theatre and ethnic festivals as well as professional sports. The region also provides ample opportunities for outdoor recreation in all seasons.

The University of Manitoba is strongly committed to equity and diversity within its community and especially welcomes applications from women, racialized persons, Indigenous peoples, persons with disabilities, persons of all sexual orientations and genders, and others who may contribute to the further diversification of ideas. All qualified candidates are encouraged to apply; however Canadian citizens and permanent residents will be given priority. If you require accommodation supports during the recruitment process, please contact UM.Accommodation@umanitoba.ca or 204-474-8371. Please note this contact information is for accommodation reasons only.

Application materials, including letters of reference, will be handled in accordance with the protection of privacy provision of The Freedom of Information and Protection of Privacy (Manitoba). Please note that curriculum vitae may be provided to participating members of the search process.

Applications, accompanied by a curriculum vitae, a list of publications, and the names of three referees should be sent to Dr. Jack McPherson, Head, Department of Surgery, University of Manitoba, Winnipeg, Manitoba, Canada at astgermain@hsc.mb.ca.

Closing date: March 15, 2020
