

SPMS: Define it, Communicate it, Treat it

MONDAY, DECEMBER 7th
7:00-8:00 PM EST

**[CLICK HERE](#) to REGISTER
for this Live Virtual Session!**

Learning Objectives

- Define secondary progressive MS (SPMS) and recognize when a patient has transitioned from RMS to active SPMS
- Recognize the importance of an early SPMS diagnosis to achieve optimal treatment results
- Effectively communicate SPMS diagnosis and treatment expectations with patients
- Develop a comprehensive disease management strategy, including setting goals of care, disease monitoring, and recognizing markers of success
